

## FLEET ORG CHART

# 11 clients. One person. 3 breaks.

*AI agents do the drafting. Here is what broke.*

# Who does what

---

*John runs delivery. I do oversight. Agents draft.*

## The org chart

JOHN

**Delivery and client comms**

---

DONAL

**Oversight**

---

AGENTS

**Draft reports, audits, logs**

---

PAYING CLIENTS

**11 (read 2026-10-11)**

---

# The daily loop

- 01 One command reads email, Slack and the board
- 02 It splits the day: needs a human, or agents can do it
- 03 Agents work the safe list
- 04 Every client email stays a draft

# Break 1: an AI bill of \$3,357

---

*May 2026. I read the spend cap as 200. It was 200,000.*

# Break 2 and 3: nobody checked

---

*A launch lost calls. Two sites tracked nothing.  
Each was marked done.*

# Three rules from the breaks

01 Agents draft. Humans send.

02 Done means checked live

03 Every number carries a date

*The rules are the  
product, not the  
agents.*

— WHAT I TELL AGENCY OWNERS

# Comment FLEET

*I'll send the agent rules*
